## Clinical Lead - Recruitment Pack

including Job description and Person Specification

If you want to make a difference in Yorkshire and the Humber – and beyond – you have come to the right place. We need determined and passionate people to work with us to deliver our wide range of programmes. We want people who look at our values and think..yes, that's just where I want to be!

We use our skills, knowledge, networks and relationships to understand the system and patient needs locally and regionally. We develop projects, programmes and initiatives that reflect the diversity of our local population and its healthcare challenges.

You'll be joining a committed and high performing team that focuses on patient outcomes and supporting the people of Yorkshire and the Humber. We are committed to creating and sustaining a positive and inclusive working environment for all our employees to ensure our work and our workforce represent the communities we serve.

### How To Apply

This is a one day per week post on either a fixed-term or associate arrangement.

If you are interested in the role and meet the requirements in the person specification, please apply by sending **a CV and a 1 page covering letter** explaining why the role interests you and why you want to work with us.

The CV and covering letter should be emailed to [hr@healthinnovationyh.com](mailto:hr@healthinnovationyh.com) no later than 4pm on **Friday 26<sup>th</sup> June 2026**.

**Late applications will not be accepted.**

# Our values

Our values are the things that we hold dear and are important to us, reflecting how we work and who we are collectively. Through our behaviours, we apply these values internally to create a supportive and innovative culture and enable high impact collaborations with external partners and stakeholders.

## Stronger Together

We're confident in the results we can achieve when we're united with our colleagues, stakeholders and partners.

We are: **Connected, Trusting and Honest partners**

## Always Learning

Every day's a school day. We constantly develop ways to excel and work tirelessly to build our expertise.

We are: **Switched-on, Improvers and Grafters**

## People People

We love catching up for a cuppa and a natter but, more than that, we're curious to learn more about other people's perspectives.

We are: **Caring, Inclusive and Open-minded**

## Energetic Pioneers

We find new things and ideas that can make a difference to the health and prosperity of our region. This is what gets us out of bed in the morning.

We are: **Adventurous, Passionate and Resourceful**

## Purpose

**Transform lives  
through innovation**

## Vision

**Improve the health and prosperity  
of our region by unlocking the  
potential of new ideas**

## 5-year mission

Our knowledge, skills, and expertise will demonstrate that we are world leaders in unlocking innovation to address current and future health, economic, and societal challenges.

# Our 5-year strategic aims

Our strategic aims provide direction and focus for us as an organisation, supporting progress towards our mission. They provide greater detail on the 5-year ambition of the organisation, whilst providing a framework for decision-making and resource allocation.

## Strengthening our foundations

Investment in our future starts at our heart. By continuing to invest in, and develop our people's skills and leadership, we will be equipped for further growth.

## Enhance our role and reputation

We hold a unique role as trusted thought leaders with global reach. We'll use this position to drive lasting change and improve life outcomes by empowering our communities.

## Be fit for the future

We will ensure our ways of working are innovative, agile, and continually challenge the status quo. We will equip ourselves to better identify and respond to societal challenges of the future.

## Foster connections

Our continued commitment to collaboration will strengthen strategic partnerships for the benefit of our population. We will ensure visibility of our work and its impact to foster advocacy and grow new business.

## Grow our region

We will lead the way in promoting Yorkshire and the Humber and its assets to create a thriving, globally-connected innovation ecosystem. We commit to growing and diversifying our role to accelerate economic growth and prosperity, recognising our own success contributes to the region's success.

## Job Summary

Health Innovation Yorkshire & Humber (HIYH) is seeking an experienced senior clinical leader to provide expert clinical support to the delivery of regional diabetes transformation programme.

Working as part of the HIYH team, the Clinical Lead will offer independent clinical advice and insight to support the adoption of evidence-based innovation and improvements in care for people living with Type 1 Diabetes. The role will focus particularly on supporting implementation of Hybrid Closed Loop (HCL) technologies and engaging clinical stakeholders across Yorkshire and Humber to enable effective, equitable and sustainable change but you may be asked to support other diabetes-related activity if appropriate.

The postholder will act as a trusted clinical ambassador, building relationships across NHS organisations and helping to translate national priorities into practical local action.

## Main Responsibilities

The Clinical Lead will:

- Provide expert clinical advice and guidance to HIYH to inform programme delivery and decision-making.
- Act as a senior clinical ambassador for HIYH, promoting collaboration and engagement across the diabetes community.
- Build and maintain effective relationships with clinicians, provider organisations, Integrated Care Boards and regional networks.
- Support the adoption of evidence-based innovation, including Hybrid Closed Loop technologies, in line with national guidance and local priorities.
- Offer clinical insight to support service improvement, pathway development and transformation activity.
- Champion equitable access to high-quality care and support efforts to reduce unwarranted variation in outcomes and experience.
- Use clinical expertise and interpretation of evidence, data and patient feedback to inform improvement opportunities.
- Provide constructive challenge and identify potential clinical risks to support safe and effective implementation.
- Represent HIYH at relevant meetings, events and engagement activities across the region.
